*The framers of the Constitution recognized the eternal principle that man's relation with his God is above human legislation, and his rights of conscience inalienable.*

*Reasoning was not necessary to establish truth; we are conscious of it in our own bosoms. It is this consciousness which, in defiance of human laws, has sustained so many martyrs in tortures and flames. They felt that their duty to God was superior to human enactments, and that man could exercise no authority over their consciences."*
